Cancer CAREpoint has been a lifesaver. People my age think they’re invincible but I learned how quickly your life can change. I’m scared to make plans for the future, but I’m not going to let cancer ruin what I want to do with my life. The people at Cancer CAREpoint have been amazing in helping me move on.” – Laura

Cancer CAREpoint is the best thing that ever happened to me. I tell everyone I meet about it. I’m a giver, not a taker. I’ve had to learn to appreciate what other people have to give to me. Cancer CAREpoint has given me so much.” — Joan
Josh was still traumatized from the death of his dad so I knew he was worried about grandma being sick. Family CARE helped us talk about my cancer in a way that was honest and reassuring. The people at Cancer CAREpoint were so kind and gentle with me. I couldn’t believe the amount of care they provided and that I didn’t have to pay.”
