

## Therapist/Social Worker – LMFT/LCSW/LPCC

Join a team committed to ensuring that no one faces cancer alone.

Cancer CAREpoint provides personalized support to patients, survivors, families and caregivers in Silicon Valley. We are seeking counselors who want to help clients navigate the practical, psychological and emotional impacts of cancer. Cancer CAREpoint is the only community-based organization in Silicon Valley providing direct non-medical support programs to patients and family members no matter where they receive their medical care, their insurance status or cancer type, all at no cost.

Our counseling services are offered on a short-term basis using the Solution-Focused Brief Therapy model. We do not provide in-house services for acute psychiatric needs or severe mental illness, and do not diagnose or engage in insurance billing for our services. All charting is to licensure and internal organizational standards. Caseloads are realistic and are expected to be healthy and sustainable for the clinical staff, we believe in wellness for our staff as well as our clients.

This is a part-to-full time position (24-32 hours per week), Monday through Friday. Cancer CAREpoint primarily offers services between 9a-5p, however some groups and programs may require occasional evening hours. Services and programs are offered virtually and in-person for clients.

### Benefits:
